Dear Sir:

Pursuant to 37 CFR §1.97 encouraging the filing of an Information Disclosure Statement, Applicants submit this paper in compliance with his duty of disclosure as set forth in 37 C.F.R. §1.56.

Applicants wish to introduce art having some relevance to the present application, which has been listed on attached Form PTO/SB/08A&B. Any question that may arise regarding the priority of a specific document shall be resolved during prosecution.

The information provided is in the English language, except for the NPL documents Hydrokolloide by Römpf, and the opposition by Henkel AG to EP 2 071 919 for which English translations have been provided. No English translation is a certified human translation.

The referenced art is being cited for the express purpose of providing the Patent and Trademark Office with the opportunity to make an evaluation and to arrive at an independent assessment of materiality of each document, if any, to the examination of this application. The Examiner is requested to disregard any marking on the copies of the cited documents. Markings on the references should not be regarded as necessarily pointing out the portions of the subject documents regarded by the Applicants as relevant to the subject application. Applicants respectfully request that the information cited be made of record in the subject case.

The USPTO has waived the requirement under 37 C.F.R. §1.98(a)(2)(i) for submitting a copy of each cited U.S. patent and each U.S. patent application publication for all U.S. patent applications filed after June 30, 2003, and for all international applications that have entered the national stage under 35 U.S.C. §371 after June 30, 2003. Therefore, Applicants have not included copies of any granted United States patents or pending United States patent application publications cited on Form PTO/SB/08A&B.
